1	Cost Sharing		30
		All beneficiaries/sponsors share cost; costs during and after events, clean up/repair	21
		All events that involve planned groups or >xx attendees pay proportionate costs for police and public works based on # of attendees - downtown events, street dances in RL, seasonal events, merchandising promotions, parades, political events, city owned fairground property assemblies including camping. Tiered scale based on use	
		All laws on the books regarding noise, speed limits in town or open containers should be enforced. Any increase cost in police required should be absorbed by the event organizers City revenue should cover any extra expenses; Use TBID	1
		funds to help manage/cost of informing	3
2	Noise/Behavior		31
_		Marketing campaign (hardcopy/manual, electronic) to advise, Inform, educate, etc.; Signage at RL entrances; postings in Airbnb, hotels, VRBOs - Gently remind visitors about RL ordinances and to respect residents - Event organizers should be responsible	26

Index	ISSUE	Suggestion	Total Respondents
		City should ensure crosswalks are visible and maintained;	
		digital displays of speed(like Joliet and Roberts) - not	
		necessarily permanent digital displays	3
3	Noise Ordinance		26
		Respect noise levels set for outdoor bands and other	
		activities -how they affect the surrounding properties	
		during events. Enforce Noise Ordinances	18
		Make a misdemeanor	2
		Events held on private property in RL should be subject to	
		city ordinances	1
		Create a noise ordinance waiver - restrictions with time	
		limits; buy-in by neighbors affected	2
		Adopt noise resolutions that other jurisdictions have	
		adopted to reduce acceptable decibel levels for non-	
		business vehicles (other than farm and ranch vehicles)	1
		Move exhibition driving to a designated area at a	
		designated time	1
		Review and revise noise ordinances with possible	
		exceptions at applicable events	1
4	Enhance Policing		22
		Increase police presence; increase police presence with	
		alcohol - ensure patrons are not being overserved, open	
		container laws Page 2	2

		deputize citizens to help	1
		Ensure police enforce the laws fairly	5
		Mayor to set enforcement priorities for police	1
		Install cameras and microphones in strategic locations to allow alerting police with sufficient evidence to ticket the offenders via mail	1
		Purchase tools for police to enforce/measure noise	1
		We need to know the detailed funding expectations for our police involvement as well as that of the extra security folks. A detailed permit for these people should be added to the special permit package. Put contingencies in place if more funding or personnel are required	
5	Collect More Data from City Events		9
		Resort Taxes/vendor fees - make businesses report monthly. (Note: Can they report by week?)	5

Index	ISSUE	Suggestion	Total Respondents
		Track outside vendor contribution through resort tax	
		compare city costs. Treasurer can combine resort tax	
		receipts for the vendors. Resort tax revenue from other	
		businesses during these periods should be considered	
		along with how other local businesses are affected;	
		POS/Sales data	6
		Publish the data; from events and impact on city; share

		Have businesses report sales/resort taxes each month	
		instead of each quarter	1
		Collect data for Post Mortem	1
		Monitor/collect feedback on how events impact	
		downtown businesses	3
	Conduct Post Mortem after Event -		
6	Lessons Learned		12
		Review events: Look at lessons learned and ensure ensure

		City should not permit street closures for events if the

		Hold event organizers accountable for corrective actions to minimize impact on citizens; if not, deny permits	2
		All event organizers should review public feedback from the event so they are aware of any issues and can put plans in place to address the following year	2
7	We need More Events in Red Lodge		5
		Encourage more, better events	2
10	Modifications to Permitting Process		83
		Require organizers of advertised for profit events that bring in >xx people into RL to apply for an event permit.	6
		Consider restricting political rallies as they are extremely divisive to the community	1
		No event permits should be given for more than three days during the months of July, August, and September	3
		#2: Under estimated Number of Participants: include estimated numbers and functions of volunteers and staff	1
		#4: Discuss how noise from the event will be addressed and mitigated to minimize impact to surrounding properties	1
		#10: Describe why a street and/or alley closure is necessary or why exclusive use of any portion of Cityowned property is requested and necessary for the event	1

Index	ISSUE	Suggestion	Total Respondents
		Permit should include expectations and specifics re: noise, behavior, sanitation, law enforcement, lodging, obscenity, etc city should ensure process is fair with an action plan is in place along with city follow-thru for accountability	14
		Limit Number of Campers; Require registration; Limit duration; Specify number of facilities required per user. Limit number of campers wo/hygiene options. Trampled path to the creek area, heavily used during the rally - make unavailable	8
		Avoid campground crowding. Campground noise levels need to be established, particular quiet hours. Also washing stations with portable toilet facilities based on numbers. Include a campground host or hosts for every 50 people to keep a safe environment. Ensure walking path is preserved	2
		Have the street dances restricted to airport or fairgrounds - allows more bars to participate; centralizes activities, preserving public right-a-ways and public areas in town.	2
		City should get a third party to manage city special events including camping. Would give the city control over illegal behavior and collecting appropriate taxes	2
		Review City Owned Land use fees - "market comparable"	2

Index	ISSUE	Suggestion	Total Respondents
		Consider Modifying Notification Requirements for Event Applications; Notification requirements to extended area and all stakeholders that may be impacted; only allow closing a street in a residential area for family friendly, safe events. Deny or add conditions to events that affect operation of neighboring business	10
		Make Application Process Transparent; include financial burden on city resources - police and public works	3
		Make it Google able	1
		Create applications specific to type of event	1
		Review and revise noise ordinances with possible exceptions at applicable events	1
		City should have an public meeting for large events coming to town where open communication is welcome prior to cc voting on event application.	1
		Ensure permits that are granted will not discourage family tourism during the time period (either by size or content)	1
		Move day vendors and live music up to the fairgrounds so they don't consume our entire town	1
		Re-examine the hours for street closure; Permit bar events so that they are after 9pm - close 3 blocks for an open container street dance party	2

Index	ISSUE	Suggestion	Total Respondents
		When using city owned property need to ensure tax compliance: federal and state income tax law, lodging and facility sales and use tax (7%) and resort tax on gross receipts	7
		Get input from the county sanitarian to ensure a safe environment for large number of people congregating over extended periods -public health, safety and city liability	1
		Festivals and events - no business should be negatively impacted - normal sales for the season and customer traffic should not be compromised	1
		City code 4-1-11: Preference is given to business owners who also live in RL. Those who do not live here, but profit from the noise, can be sued civilly. Permits should make this clear to business owners.	1
		Security personnel need to have clear explanations and documentations as to their qualifications for crowd control. Security should be vetted and approved in the permitting process by the city	2

Index	ISSUE	Suggestion	Total Respondents
		Have 2 categories for events: (1) little or no impact on the finances of the town <\$1,000 (2) commitment of the city resources >Makes it easier to identify and detail the exact impacts to the city budget on policing, waste management	1
		Red Lodge should reap the financial opportunities that might result from the camping resort tax. RL needs to meet its obligation to provide adequate facilities that other municipalities have for camping and reap the \$\$. Example: Seward, Alaska	2
		Don't permit street closures unless 80% of property owners along the proposed closure area agree. Exception: community-sponsored traditional holiday events (4th and Christmas Stroll)	1
		Have two types of permits - Differentiate events that SELL alcohol (require professional security until participants have left the area, fencing, etc.)	1
		If application is denied, funds and application should be returned to applicant	1
		Include wording on all vendor and event applications that addresses (1) respect our community and laws (2) Failure to comply will impact any future approvals (3) Encourage a family-friendly environment	1

		Create an event overlay district: city partner with county to use Rodeo grounds/surrounding areas to support events - Partner to create a revenue generator for both. Addresses issues with noise and parking downtown; locate temp vendors there	2
		The city should have a clear definition of the purpose of Special events in Red Lodge. We all appreciate the importance of a thriving and enjoyable community so these values must be forefront in an expression of purpose and goals.	1
		City should employee a part time position for ordinance enforcement - Vendors, tall grass, snow removal downtown, trailers on streets beyond the ordinance limit, monitor special event permits, etc.	1
		City should consider hiring security versus the event organizer to remove the perception that security is working for the event rather than working for the guests and community	1

		Events during our busy summer tourist season are no longer our economic "lifeblood" and should be considered "Icing on the cake" and meet a stricter criteria	1
		Limit the month of July to no multiple day events since this is a key family tourist month. The 4th is a parade and the rodeo is on county property	1
		Make voting records of each CC member on event permits and ordinances clearly documented on the city website for public review	1
		Address Parking issues with events - provide aux parking on the edges of town. Consider providing a shuttle to downtown (CART); Make parking on Broadway "short term" during large events - permanent flip signs; Reserved event parking for late afternoon and evenings (decrease competing with businesses); More signage on where parking is available during events - so people don't just drive thru without stopping	3

		RL needs to continue its efforts for recycling, by requiring special events permits to establish and control recycling of all waste with very clearly marked disposal areas and personnel to manage them.	1

Public Feedback on Bike Rally (7/2020) and Political Parades (2 in 8/2020)

Correspondence on Public Record Received by City

9/30/2020

Parades (Political)	
Bike Rally	19
Number of Respondents	25

Summary

Communication

More transparency from city leaders with businesses and public; Public wants information regarding upcoming events and issues to come directly from city leadership first instead of relying on Facebook posts

Leadership

Law and Order. All events should be vetted and go thru the city processes that are in place; Citizens expect city leaders to enforce law and order consistently and fairly; Businesses/citizens wants information that affects them provided, in advance, from their city leaders

City Revenue

Rally and Parades were disruptive to Downtown Businesses; some are in direct competition

Unification

Events not tourist or family friendly; do not promote RL values; disruptive and polarizing for RL citizens

Postmortem

Support for event postmortems; Support for events in the future providing events are properly vetted, with law and order enforced fairly and consistently
